

Help Truckee Help You - - Aid Winter Sports

SUN BEAMS

By WALTER M. BARRETT

How much more read, honest-to-goodness satisfaction there is in boosting than in knocking and what a great deal more can be accomplished. Every day we hear someone rapping this or that, pessimistic to the last word, failing apparently to see a bit of good in a single issue and finding fault with everything. We don't mean you have to be Pollyannaish and go around with a set smile and cheery hi-ho for everything and everybody. Many times constructive criticism is necessary and always welcomed, but for the good of yourself, your neighbor and your community if you can't boost, don't knock.

As we said in the beginning this column is an outlet for our own personal opinion, so if we are wrong don't hesitate to cry out any time you disagree, but what is the reason we can't have a community auto camp, a suitable place for house trailers with town-maintained facilities to accommodate these more or less transient residents. We believe it would pay big dividends. Other towns and cities are finding the necessity for such accommodation. The people who travel in this manner never stop at hotels, so it would not damage that business and it is coming to a point where the home-on-wheels citizens will stop only where accommodations are provided for their comfort. They are good cash customers in any town and we believe Truckee is missing a good opportunity for increased business by not having an established, advertised camp. Who threw that brick.

A gentleman called at our office this week, seeking information on the practicability of establishing ambulance service here and at Lake Tahoe. We promised him we would make a summary investigation and did so. While we decline to ask for ambulance business, we found that such a service is needed in this district and would be a valuable asset. Lives have been lost because of the lack of this service.

Recently and during the coming month, the Sierra Sun is publishing paid advertisements in support or against various propositions which will appear on the ballots at the November 3 election. These ads do not reflect the attitude of the paper one way or another. As a matter of fact, we may be directly opposed to the proposition itself, but as a legal newspaper we find it necessary as well as advisable to publish any legitimate advertising.

LOYALTON GIRL IS WINNER OF AWARD IN CRUSADE CONTEST

V. C. Shattuck, manager of the Donner theatre here and the Loyalton theatre at Loyalton, has been notified by Paramount Pictures, Inc. that Miss Bonnie Bump, 15-year-old student in the latter city, has been adjudged winner of the first prize in the national contest for an essay on the subject "The Crusade of History."

Miss Bump has been notified of the award and the sum of \$500 has been deposited to her credit at any college she selects.

The contest was held in connection with Cecil B. DeMille's "The Crusades." In view of the fact that the contest was national in scope with thousands of boys and girls competing, the honor is considered a signal one to be earned by Miss Bump.

Boys Warned Against Shooting in District

Careless youngsters have been shooting birds in the vicinity of the slaughter house east on Truckee river and as a result considerable damage has been wrought, according to residents interested in the district. Dick Highfill reported that one of the hogs being fattened there had suffered a bullet wound and would have to be killed.

There are some valuable horses pastured near the slaughter house, and boys are asked to refrain from shooting there. Several windows in the ski house and club house have also been broken by bullets.

RENEW EFFORTS TO HAVE STATE REPAIR STREET

Whitmore is Asked to Grade, Surface Commercial Row Here

CONDITION IS CITED

Chairman O'Hanrahan Asks that Work be Done this Fall

Renewed effort to have Commercial row widened to eliminate the unsightly and filthy dirt section adjoining the business houses was taken this week when Tim O'Hanrahan, chairman of the Nevada County Central committee, wrote to C. H. Whitmore, head of the highway maintenance division at Marysville, asking that steps be taken to surface and grade the strip.

The unsurfaced section of street is 800 feet long and approximately 20 feet in width.

It was believed that while the highway crews are working in this district, repairing and resurfacing sections of Route No. 40, it would be advantageous to have the work here accomplished at the same time.

There is no question as to the necessity for the work. In its present condition, the dust in the summer and mud and slush in the winter offer a deplorable condition.

LIONS TO POSTPONE CHARTER NIGHT FETE UNTIL OCTOBER 10th

Decision to postpone the celebration of Charter Night from October 3 to October 10 was reached at a meeting of the Truckee Lions club here Wednesday night. It was believed that counter attractions, including one of the season's biggest football contests, would interfere with attendance.

Committees working on the program reported that steps were being taken to make the occasion the most outstanding one in the history of Lionism in Truckee. The affair will be held at the California Cafe, where a dinner, dancing, entertainment and cards will be programmed.

District Attorney Vernon Stoll and Del Powell, manager of the Retailers Credit association at Grass Valley were guests at the meeting. President R. C. Gregory presided at the well-attended session.

TODAY LAST CHANCE TO REGISTER HERE

For the benefit of those who have not as yet registered to qualify to vote at the November 3 election, Mrs. Hazel Lewis at Lewis' Store, announces that she will keep the store open late tonight. This is the final date to register for the general election.

MISSING DIAMOND FOUND BY OFFICER

William (Butch) Botcher, Truckee constable, holds the record this week for being the luckiest man in town.

The officer Friday night lost a \$1000 diamond set from a ring and was fortunate in finding it within a few hours where he had dropped it in the front door of his home. While the stone has a large monetary value, it is more highly prized by the owner as a keepsake.

SUNNYSIDE, Sept. 24 — Mrs. Laura Wilson of Oakland, her son Albert and Miss Renee Hurd are spending a week at Tahoe where they are the guests of Mr. and Mrs. Charles Swanson.

Letterheads, envelopes, statements, cards and all printing matter given personal attention at lowest prices

Tahoe Resident Hunts 24 Years, Bags First Deer

For 24 years Chris Boyairedies, Tahoe laundryman, has been buying a hunting license and each year after a diligent hunt for the elusive buck he has been unrewarded.

Patience, however, was rewarded this year and last week, accompanied by Carl Bechdolt and the latter's 12-year-old son, Billy, he shot his first buck on a trip into the Ladies Cove district.

Billy also bagged his first deer, while Carl, as usual, returned with his supply of venison.

WOMAN ESCAPES IN AUTO CRASH

Car Dives off Donner Grade Carrying Driver Over 150 Feet

Mrs. Helen Canfield, 32, San Francisco matron, is one of the few people alive who can tell how it feels to be plunged off Donner grade in an automobile for a distance of 150 feet and suffer no more serious injury than a minor scalp wound.

Driving east on the highway last Thursday night, the car operated by Mrs. Canfield got out of control on the first curve east of the summit and plunged off the grade. Mrs. Canfield was carried for a distance of 150 feet and hurled 25 feet when she was thrown from the car. The machine dashed itself to pieces in the 300-foot drop.

Constable Tom Dolley accompanied the Truckee Garage tow car to the scene of the wreck and returned Mrs. Canfield for first aid treatment following which she went on to Forest Inn where she is vacationing.

GIRL HITCH-HIKERS APPREHENDED HERE; RETURNED TO HOMES

Two Glendale girls, Miss Ida Lewis, 17, and Miss Imajean Reed, 16, had seen enough of the world when they reached Truckee on a tramp tour this week and after a brief talk by Officer Al Pfandler decided to return home.

They were apprehended here by Deputy Tom Dolley and Pfandler and upon being questioned it was found they had a total of 60 cents in cash and no food and little clothing. They were taken to the Dolley home where they were detained until their parents came from Glendale to return them.

The girls said they had been hitch-hiking and were en route east. They were discovered hiding in the rear compartment of a Greyhound stage parked on the Southern Pacific property shortly after midnight Tuesday by Officer Pfandler. The railroad officer reported the matter to Deputy Dolley who took the girls into custody.

Truckee Women Attend District Meeting of Parent-Teachers Group

Mrs. S. E. Gordon, Mrs. Jennie Watkins, Mrs. A. Mahne and Mrs. G. E. Hofmann were Truckee's representatives at the third district all-day meet of the California Congress of Parents and Teachers held Wednesday in the Colfax Community church.

Mrs. George F. McCormack presided at the executive board session. Luncheon was served by members of the church at noon with Mrs. E. O. Crittenden and Mrs. E. J. McNeil heading the committee.

Mrs. H. G. Henry of Glendale, state chairman of the group, was one of the principal speakers.

Cement Removed as Hopes for Reopening Ice Palace Project Dims; Snow Sport Fund Asked

Unemployed Men May be Absorbed by Forestry Division in Relief Project; Merchants Asked to Aid in Financing Program Here

New barriers were placed in the way of renewing construction of the Truckee ice palace, a WPA project here, designed to augment the winter sports program, when an order came from administration headquarters to remove the few remaining bags of cement which had been assigned to the local project.

At the same time word came from the officials of the program that all eligible unemployed men in Truckee would be absorbed by the forestry division in a proposed relief project. This announcement came shortly following a charge that the ice palace had been discontinued because there were not sufficient certified unemployed men in the district to work on the project.

These contradictory reports, together with the apathetic attitude of relief officials, have thrown a discouraging aspect upon the ice palace despite the work being done by a handful of local supporters and sponsors to include ice skating in the winter sports program for this season.

Just what the forest service plans in the way of work to absorb the unemployed, which WPA officials or representatives said did not exist, was not immediately learned.

The cement which had been allocated to the ice palace goes to aid in construction of the Nevada county hospital, also a so-called relief project.

Local merchants and private citizens have been urged to subscribe funds which can be used to promote snow sports here. Several have responded, but others, who would benefit materially from the program thus far have ignored the appeal. October 1 has been set as the deadline for the funds to be raised. Contributions must be deposited at the Bank of America before that date if the annual festivities are to be continued, the committee decided.

CARPENTER FIRE IS UNDER CONTROL

500 Acres Swept Over in Most Serious Fire this Season

After burning over more than 500 acres of young pine and fir in Carpenter valley between the junctions of Prosser and the south fork of Prosser creek, the forest fire which started a week ago was reported Saturday to be completely under control. The blaze swept within a mile and a half of Hobart Mills before a crew of nearly 400 fire fighters gained control.

All crews, with the exception of a small patrol, were discharged last Friday.

The fire was the most serious in this district this season. Supervisor DeWitt Nelson of Nevada City took direct charge of the fighting and two-way radios were installed to aid the firemen. Forest Chief B. C. Goldsmith of Nevada City was also on the fire front. Assistant Ranger Carl Flint and Deputy William Daniels were in charge of the local contingent in the absence of Forester H. I. Snider.

NELSONS FETED AT REBEKAH MEETING

Mr. and Mrs. Martin Nelson were the guests of honor at the regular meeting of the Naomi Rebekah Lodge No. 2 held last evening.

Mrs. Nelson is noble grand of the local lodge and Mr. Nelson is also a member. Following the presentation of a parting gift of appreciation the group was entertained by Miss Lucy Otis with piano solos and refreshments were served later.

Mr. and Mrs. Nelson will leave shortly to make their home in Oakland.

50 ASSEMBLE AT P.T. A. MEET HERE

Hofmann Discusses Purposes on Cooperation in School, Home

Fifty people gathered at the Meadow Lake Union high school Friday evening to share the initial meeting of the Truckee Parent-Teachers association.

Mrs. S. Marshall Richardson, Mrs. W. B. Gage and Mrs. Jennie Watkins gave very interesting reports to the assembly and Principal G. E. Hofmann spoke briefly and to the point on "What the Parent-Teachers Association Means to Our Schools." He said in part "I believe that the P.T.A. should be considered an integral part of our school system because it brings the parents, teachers, community and schools closer together."

"A desire to cooperate with the school has resulted in the formation of associations which have aided greatly in promoting the effectiveness of the work of the school. In other words the parents have united in the relation of active partnership in a common enterprise."

"School boards and communities require enlightenment before they can be led to see the needs for improvements and to provide the necessary funds for the schools. The P.T.A. gives the opportunity for presenting the facts."

Mr. Hofmann pointed out that the local organization is a progressive one and urged the members to accomplish worthwhile things for the schools of this community, to help to keep them on a sound footing and to aid them in further progress.

The community singing accompanied by Mrs. Lotta Bryant, was enjoyed as was the cello solo by Robert Gordon.

The teachers of the schools were introduced and the evening concluded with the serving of refreshments.

WYETHIA CLUB PLANS BUSY PROGRAM FOR THURSDAY MEETING

The Wyethia club had its second busy meeting last week when members of the arts and crafts section outlined the work for the season, following the routine business. A number of the ladies played contract bridge during the remainder of the afternoon, until the president, Mrs. R. P. Bick, served delicious refreshments.

Emile du Chaudon will be the guest speaker of the club when it meets on October 1 when he will talk on his travels and illustrate his lecture with motion pictures.

Mrs. S. Marshall Richardson will discuss amendments and later Mrs. Dave Cabona and Mrs. R. P. Bick will be heard in a vocal duet.

Community singing will also be enjoyed and at the close of the afternoon, which promises to be an interesting one, refreshments will be served.

FOUR INJURED IN AUTO MISHAP ON HIGHWAY AT CISCO

One Man in Hospital as Car Hits Gravel, Overturns On Highway

WOMEN ARE INJURED

Motorists Escape Death when Car Wrecked; taken to Hospital

As the result of an automobile accident last Saturday, Ralph Kaffka, 60-year-old Lincoln resident, is in the Auburn hospital with several broken ribs, lacerations of the face and scalp and possible other injuries.

His two daughters, Miss Donna Kaffka and Mrs. Helen Pingery, also of Lincoln, suffered lacerations of the bodies and bruises, while Arline Guffee of Sacramento, driver of the car, has several fractured ribs.

The accident occurred when the car got out of control after striking a gravelled shoulder and overturned two miles south of Rainbow Tavern.

The four injured motorists were taken to the Colfax hospital for emergency treatment. Later Kaffka was taken to the hospital at Auburn.

Brothers Convicted On Murder Charge; to Serve Life Sentences

Monte and Merritt Newman, brothers, convicted Tuesday night by a Nevada county superior court jury of the first degree murder of Chris Meyer, a Grass Valley minor, when the latter sought to protect his fiancée, Miss Gwendolyn Coats from criminal attack by the Newmans during a holdup last January were taken to the state prison at Folsom yesterday to start serving life sentences.

The men waived the statutory delay permitted by law and accepted the sentences imposed by Superior Judge Raglan Tuttle. The jury deliberated five hours before returning the verdict.

For 64 years Nevada county juries have refused to inflict the death penalty on accused slayers and despite the plea of District Attorney Vernon Stoll this precedent was not broken.

NIGHT ADULT CLASS IS PROPOSED HERE

Possibilities of organizing an adult night class in manual training or woodwork were being discussed this week by W. I. Bovee, instructor at the local high school. Mr. Bovee said that the classes in other schools had proven both instructive and entertaining and agreed to sponsor a class here in event sufficient interest is manifested. Anyone desiring to enter such a class is invited to confer with Bovee.

O'HANRAHAN BACK FROM CAPITAL MEET

Tim O'Hanrahan, chairman of the Nevada County Democratic Central committee, returned this week after attending the state central committee meeting in Sacramento. He reported that the meeting was harmonious and that a clean-cut battle to re-elect Roosevelt is in prospect.

BIDS ARE CALLED FOR SCHOOL CHAIRS

Bids are being asked by the trustees of the Truckee Grammar school for supplying chairs and equipment for the new structure nearing completion here. The bids must be filed with the clerk of the board, Mrs. Dan Smith, not later than 12 o'clock October 16. A certified check for 10 per cent of the aggregate amount of the bid must accompany the offer.

OFF ON THE RIGHT FOOT

WHILE it is still too early to predict the ultimate outcome, indications point to a successful winter sports season in Truckee. The mass meeting held last week to determine the attitude of the various business men and women on the program brought out enthusiastic expressions, gratifying to the committee which is endeavoring to promote the festive season.

The meeting was the first in which a spirit of willingness to cooperate and a desire to aid financially and morally predominated. Previous meetings were discouraging, probably because local merchants were enjoying the full harvest of summer trade and did not have time to attend or devote a little thought to the programing of winter sports. With a lull in the summer business, however, local citizens turned their attention to winter sports, realizing that on this single program depends the future of Truckee.

It is hoped that the next meeting will bring out an increased attendance and that the opinions of all will be aired so that the task of organizing and preparing for the invasion of pleasure seekers during the winter months can be speeded.

Many of those at last week's meeting not only pledged themselves to pay the sum stipulated by the finance committee, but went so far as to voluntarily double the amount. Still others, whose names had not appeared on the original list, asked that they be included and offered their financial support to any extent which the committee decided upon.

It is this spirit of cooperation that will put over the winter sports and we fail to see how anything short of a calamity can prevent Truckee from forging ahead, holding its lead as a center of winter recreation.

NEED FOR COOPERATION

LIKE thousands of other towns and cities, which are located close to larger centers, Truckee is faced with a problem of convincing its inhabitants that there are no greener pastures over the hill. The age-old "trade at home" slogan has been used and used again, until it has become a by-word in every town from "the rock bound shores of Maine, etc.," but the meaning, nevertheless, seems to have been lost. People all agree that trading at home is a splendid thing to do. Mostly they agree that they can make their purchases in Truckee just as cheaply, and often at less cost, than in neighboring cities. But, there still remains that old, disastrous habit of taking money earned in Truckee and spending it for your opposition's comfort and well being in larger centers.

Newspapers have fought this habit regularly. Chambers of commerce have expounded at length on the harm brought about by spending away from home. Orators have spoken on the subject time after time, and yet, too often the busy ones who are most concerned, those who would benefit most from spending at home, lead the parade and take Truckee's dollars to other cities where they are spent without a thought, no doubt, that it is unfair and far from the sporting thing to do.

The glamour of big store windows, the bustle and rush of a busy establishment, naturally lure the customers. That is the reason they are made glamorous, but we could enjoy this same thing in Truckee if the people would only adhere regorously to the old slogan and trade at home.

KING FOOTBALL

IT IS MORE than mere sporting news when King Football mounts his throne to reign over athletic fields of the nation from September until New Year's. The phenomenon has become a potent social, economic and psychological factor in national life.

Masses of people jam huge stadiums seating seventy, eighty, even ninety or a hundred thousand. They cheer wildly as two group of youngsters pass, kick and run on the turf below. They are rabidly for one team or the other. The game's outcome leaves them sorrowfully dejected or highly elated.

Maybe it's a form of fall fever, or autumn madness. Students of social behavior sometimes lament the modern situation in such sports as football. A century or so ago everyone used to participate in contests of physical prowess held on the village green. Today we're almost all spectators watching others perform.

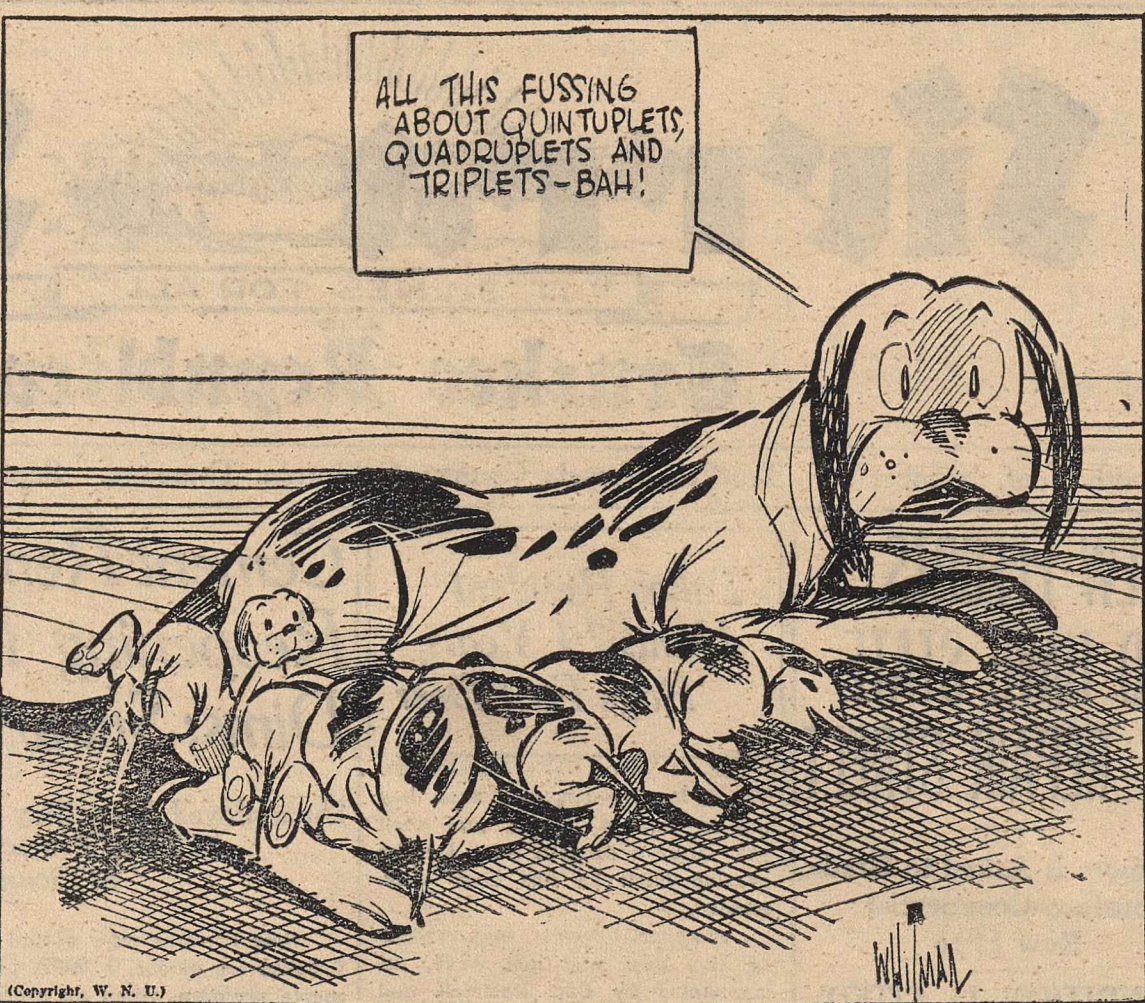

But what American will listen to the philosophical side of it when there's a big game booming in on the radio, or a high school contest to watch?

The season is on. King Football is on his throne.

\$50,000,000 FOR ROADS

California spent nearly fifty millions on highways during the last fiscal year. The period ended June 30, but the Division of Highways released the record of activity just last week. In exact figures, the total was \$44,071,300.

Jealousy

Politically Speaking

By GEORGE E. HELMER
(United Press Staff Correspondent)

SACRAMENTO, Sept. 24—(UP)—Development of labor trouble in the Salinas and Watsonville lettuce area and possibility of another general waterfront strike added to Governor Frank F. Merriam's worries this week.

Just as quickly as trouble of that sort occurs, the governor's office is besieged with questions as to whether the national guard will be called out; whether the governor will act personally to prevent bloodshed; whether he will intervene to break the strike. Accusations are made that the state forces always give protection to strikebreakers and operators but never extend aid to strikers.

Merriam figuratively has become hoarse explaining that he has no authority to order out the national guard unless requested to do so by the sheriff of the county where the trouble exists. And the sheriff must admit that the situation has advanced beyond his control.

One of Merriam's first important acts when he became governor in 1934 after the death of James Rolph Jr., was the dispatching of troops into San Francisco to combat disorder on the waterfront. He ordered national guardsmen ready to move into Eureka when lumberjacks threatened trouble there. More recently, he watched the Yreka situation during the intensive manhunt for John and Coke Britte, when the northern community was seething with a lynching spirit.

Aside from the national guard, California has a mobile law enforcement body in the state highway patrol. And that, also, gave Merriam something to worry about.

Reports that the patrolmen fired gas bombs at strikers and "every one else in sight" caused the governor to investigate, since the patrol operates indirectly under his supervision and strong protests were made by labor leaders.

The patrol is supposed to operate only on highways, except in cases where life is threatened off the highways. According to reports from Salinas, however the patrolmen paid little attention to highway confines when a mob of pickets approached an ice plant where lettuce was being packed by strikebreakers.

Labor objects to the organization of a state police force on the ground that it would be "used by capital to break strikes and prevent labor demonstrations."

A renewal of the fight for a state police force will be made during the legislative session next winter, ob-

servers predicted. It failed during the last session, but some police powers were extended to the highway patrol.

Perhaps the general unrest and threatening trouble were responsible for Governor Merriam's forgetting whom he intended to appoint to the Republican State Central committee. There was a vacancy and he promised it to someone, then forgot who the person was. He figured, however that if this information was circulated he would be reminded soon enough.

On the eve of the state political conventions, it appeared almost certain that Justus Craemer, Orange publisher and assistant director of public works, and Clifford C. Anglin of the Roosevelt-Garner campaign in California, would become state chairman of the republican and democratic central committees, respectively.

A pre-convention meeting of the outgoing democratic state central committee was called by State Senator Culbert L. Olson, Los Angeles, chairman, to fill vacancies in convention ranks.

Democrats had many vacancies to fill, since they were entitled to as many delegates as republicans who were represented by holdover state officers, republican congressmen, United States senators and members of the legislature.

Word has reached the capitol that circulation of petitions to qualify independent electors for Rep. William Lemke on the California ballot was progressing slowly.

If Californians are to have the privilege of voting for Lemke in the presidential race November 3, petitions bearing the signatures of 118,046 qualified voters must be filed with county clerks by September 24.

"Eye hath not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love him." These words from I Corinthians comprise the Golden Text to be used Sunday, September 27, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The subject of the lesson-sermon will be "Reality." Included among the Scriptural selections will be: "Though I walk in the midst of trouble, thou wilt revive me: thou shalt stretch forth thine hand against the wrath of mine enemies, and thy right hand shall save me. The Lord will perfect that which concerneth me: thy mercy, Oh Lord, endureth for ever: . . ." (Ps. 138: 7, 8 to second).

1700 Visitors Monthly See Park at Placerville

PLACERVILLE, Sept. 24—(UP)—Marshall's Monument at Coloma, near here, scene of the discovery of gold in California, is visited by approximately 1700 visitors every month, according to caretakers at the state park.

Sunday is the most popular day for visitors, the report said, the average being 400 persons.

Christian Science textbook, "Science and Health with Key to Scriptures" by Mary Baker Eddy, will also be included: "Perfection underlies reality. Without perfection, nothing is wholly real. All things will continue to disappear, until perfection appears and reality is reached" (p. 353).

TAHOE REGION NEWS

By Swane

Stage Company Seeks to Install New Line Into Lake Tahoe Communities

TAHOE CITY, Sept. 24—Officials of the California railway commission held a meeting at the Tahoe Women's clubhouse in Tahoe City on Tuesday afternoon to which all resort owners, property holders and business representatives were invited. The hearing was to determine the advisability of granting to the Eldorado Motor Transportation company a franchise to run trucks from Sacramento to Tahoe. The general opinion among residents and property owners at Tahoe is that the town and area is well and amply served by the companies now operating locally and that more heavy trucks on the highways would not be desirable. It is believed the commission will not favor granting the franchise.

Celebrate Wedding Date

TAHOE INN, Sept. 24—Mr. and Mrs. Jules Hancock, who have spent three weeks in the Rogers' home in Tahoe City, celebrated their wedding anniversary on Tuesday night with a dinner at Tahoe Inn. ANCIENT ENGINE ON TAHOE RUN GOES TO NEVADA COUNTY MINE

TAHOE CITY, Sept. 24—A Southern Pacific train crew last week loaded Tahoe's historic narrow gauge wood burning engine and tender on a flat car and hauled it away. Old timers looked a bit saddened as the train rolled out of sight. Way back in 1875 the engine was brought in to Lake valley on the south end of Tahoe where it was used in the logging camps. In 1899 it was brought to Tahoe, where it was the only means of conveyance for years, the track paralleling the highway to Truckee.

Johnny Dunlap, who still lives in Lake valley, was the only regular engineer. Judge George Bliss of Tahoe and Ernest H. Pomin of Tahoe were pinch hitters when Dunlap was off duty.

The little old engine had stood on the siding for ten years, ever since the Southern Pacific installed the standard gauge tracks in 1926. Tourists have had their pictures taken beside it and it is regrettable that it could not have been retained here as a treasured symbol of early days. It was once suggested that a park be built and the little engine should grace its center. Others suggested taking it to the Tahoe Tavern grounds for safe keeping. But nothing ever came of it, and now it is too late. It has been moved to Grass alley where it will be used in the mines.

LEGAL NOTICE

NOTICE TO BIDDERS

Notice is hereby given that sealed bids will be received by the Board of Trustees of the Truckee Grammar School District for the furnishing, sale, and delivery of 300 folding auditorium chairs and trucks, F.O.B. Truckee Grammar School, not later than the dates listed on the proposals and in accordance with the specifications.

A copy of any or all lists of equipment wanted, together with the general conditions and specifications governing this sale of said equipment, may be obtained by application at the office of the clerk of the school district.

A certified check for the sum of 10% of the aggregate amount bid upon, drawn upon a responsible bank or bankers, must accompany each bid, and which will be forfeited to the Board of Trustees should the bidder fail to comply with the terms of his bid or enter into further contract if required to do so.

In the event of an award of contract being given, it is understood that the Board of Trustees of the Truckee Grammar School District may exact a bond acceptable in form and conditions, and of an amount sufficient in its opinion to cover performance of contract.

All bids must be sealed and filed with the Clerk of the Board of Trustees of the Truckee Grammar School District not later than 12 o'clock noon October 16th, 1936.

The Board of Trustees of the Truckee Grammar school district reserves the right to accept or reject any and all bids, and to waive any and all informalities with reference to said bid.

MRS. DAN SMITH, Clerk
T. O'HANRAHAN, Chairman
R. A. TONINI.

PRUSSO PLANS PARTY TO CLOSE SEASON AT LAKE TAHOE RESORT

SUNNYSIDE, Sept. 24—Mr. and Mrs. Everett Prusso of Prusso's Forest Inn this week announce a gala informal closing of their distinctive and popular dining room on Ward creek which has enjoyed such marvelous patronage throughout the summer season "Lake Tahoe Night" has been set for Saturday evening, September 26 at 7:00 p. m. Invitations this week announce a special dinner will be featured and dancing will be enjoyed during the late hours.

Small Attendance at Tahoe Catholic Church

TAHOE, Sept. 24—Less than 50 persons attended Catholic services at the Tahoe chapel last Sunday at which Father Daly officiated. He announced at that time that Mass would be held here for only two or three Sundays more this season.

NORDEN NEWS

(By C. W. KRAMER)

The Homer Hartley family, after several weeks at Norden, have moved to their home in Ashland, Oregon.

Real Indian summer days and nights have been the offering for the Sierra region of late, much to the enjoyment of all, which, when explained, are warm days and cool nights. This season has been about as near perfect as could be wished for.

Several Norden residents attended the Masonic lodge meeting last Thursday evening in Truckee.

W. Andrew Germany, who was injured near Andover last Monday morning, was well known in Norden and all wish him a speedy recovery. He was taken to the S. P. hospital in San Francisco.

J. Gordon Cran "Scotty" reports that he is doing nicely at the S. P. hospital in San Francisco and will soon be back among us.

Joe Copeland of Spruce, with a party of friends, bagged a three-pointer buck earlier this week and so far as is known was the first in this vicinity to bring back what he went after.

Using the twentieth century mode of hunting deer was noted by the members of the hunting party of "Ken" Lyons. As the party scales the mountain sides and valleys and canyons, "Ken" will hold down the cushions of the car to await the deer to pass in front of the auto on the road so that the least exertion possible can be utilized. Thus far this mode of hunting has not clicked.

Miss Marie Curran on her natal day was presented with a handsome bicycle by her parents last week.

Mrs. J. C. Lyons, who has been visiting in Sacramento among relatives for some time, has returned to her home in Norden.

Miss Crystal White of Sacramento is visiting with the Flickinger family of Norden.

Late arrivals in Norden include Ernest Olson and Gustave Erickson of East Applegate.

The Curtis Sanford house gang which has been located at Tunnel Six for several weeks, has moved to Roseville.

Enjoying a few days vacation at Lake Tahoe was the pleasure of Samuel Killingsworth of Eder.

Joseph Casari and Albert Ward of Eder were on the sick list with colds and are now much improved.

DEER TALES MANY AS TAHOE HUNTERS GET LIMITS IN DISTRICT

TAHOE CITY, Sept. 24—Buck hunting still continues to engross the time and attention of the better part of Tahoe's male populace as beautiful weather remains.

Fair success is being reported, although deer are not nearly as plentiful in this area as they were five or more years ago, according to old timers. Buck hunters are praying for a good heavy rain that will soften the thick, almost impenetrable brush which covers much of the mountain country and which makes their attempted approach entirely too evident to the reclining bucks. Damp earth also greatly facilitates tracking.

Pay Ellis brought in a buck on Tuesday having bagged the three-pointer in the Deer Park area.

Harold Larsen and Al Fanger were members of a party of 20 that went to Plumas county to hunt, Larsen bringing home a forked horn. Even in Plumas county the number of bucks has greatly diminished, a group of 22 last season bagging 16, as compared to only two taken by 20 men this year.

Ernest Hoerdler was perhaps the first local man to bring in his buck and John Ohman was a close second. Both are reported to have shot their bucks in the hills northeast of town.

Perhaps the easiest kill of the season was made by an unidentified man said to be chef for Hemstreet and Bell at Brockway Vista. On opening day he stopped his car at Dollar hill on the way to Tahoe City, ran down the window and picked off a fine big buck standing in the brush several hundred feet from the highway.

The most pathetic tale we have heard since the opening of the season was one told about a prominent local realtor (the one with the three lovely daughters and a home near Cedar Crest!). The story goes that all summer he had been feeding a beautiful big five-pointer tid-bits and rock salt. The animal became quite tame and appeared regularly for its daily rations. Came the opening morning of buck season and the unnamed gentleman sat waiting, gun in hand, eyes agleam, for his new boarder, now considerably fatter. But as the breakfast hour neared, a gun roared about a block away . . . and the big fellow has never been seen in the vicinity since! We asked for an interview on the episode but the gentleman, who has lost all faith in human nature, in a sad distressed tone denied our request.

Joe Chickarella of Sacramento, accompanied by Tom Walker, made a trip into the back country, the former bringing out a four-pointer which tipped the scales at 189 pounds. He was taken at Rattlesnake Crossing.

At Dollar Estate

DOLLAR ESTATE, Sept. 24—Rodney McKenzie of Stockton spent several days at Tahoe on the Dollar estate where his parents are caretakers.

Close Summer Home

SUNNYSIDE, Sept. 24—Mr. and Mrs. V. S. McClatney and family have closed their summer home in the Sunnyside district and left for Sacramento where they will spend the winter months. They enjoyed the summer at Tahoe and entertained extensively while here.

Visit Stockton

Mrs. James Ferguson and young son Gene are spending a week or more in Stockton where they are visiting with friends.

Send the Sierra Sun — better than a letter!

RE STAFF BUSY WITH BULBS, FLOWERS FOR NEXT YEAR'S CROP

TAHOE CITY, Sept. 24—Eugene Re and his crew of men are busy this week preparing and planting bulbs and ferns for next year's gardens. Unless they are planted at this time they will make no showing during the coming season, Re says. In this issue of The Sun readers will find complete lists of flowers which should be planted at this time, all plants listed being perennials which will come up and bloom from year to year without replanting.

Re and his father, Joseph Re, have experimented for years with plants and their adaptability to Tahoe soil and climate and are both authorities on proper planting and culture of all varieties of plants.

They have just finished landscaping the gardens at the new home of Dr. C. B. Pedersen in Tahoe Park where Lombardi poplars have been placed all around the garden both for shade and protection from the winds. These trees are especially hardy and grow easily and quickly. A rock garden has also just been finished and stone patios and native rock entrance posts lend an enchanting air to the attractive house nestled on the hillside at Tahoe Park.

TAHOE PERSONALS

(By SWANEE)

Barbecue Hostess

SUNNYSIDE, Sept. 24—Mrs. J. L. Debenedetti, Sr., was hostess on Sunday at a delightful barbecue dinner served on the grounds of her summer estate in the Sunnyside district. Guests who shared her gracious hospitality included Miss Christine Carroll, Miss Helen Worden, Mrs. Elizabeth Bavier, James Kehoe of San Mateo, Miss Lorraine Debenedetti, Charles Wilkie, Miss Regina Cuneo, Mrs. H. D. Worden, Mrs. Charles Swanson and son Jimmie and the hostess. Bridge was enjoyed during the afternoon on the patio.

At Bacchi Home

LAKE FOREST, Sept. 24—Mr. and Mrs. Joe Bacchi of Sacramento spent the week end at the George Bacchi home in Lake Forest. On Sunday Miss Sarah Bacchi who has summered at Tahoe, returned to Sacramento for the winter months.

Honored at Party

TAHOE, Sept. 24—Lawrence Wilbur of Tahoe Pines honored his brother and new wife on Saturday at a dinner party at Tahoe Inn. Guests included Mr. and Mrs. A. Anderson of San Francisco, Miss Jean Steele and Mrs. Jewel Becholdt.

Visits at Lake

SUNNYSIDE, Sept. 24—Mrs. Elizabeth Bavier of Truckee enjoyed Sunday at Tahoe where she visited at the Charles Swanson home.

Plan Bridge Tea

TAHOE, Sept. 24—The Tahoe Women's club will give a bridge tea at the clubhouse in town on Thursday, Sept. 24 at 1:45 p. m. The public is cordially invited.

HOBART MILLS

Emilio Poalazzi, who was found dead in his car at the emergency landing field between Hobart Mills and Truckee last week, was buried last Sunday in Truckee. Services were held at the undertaking parlors and a good many Hobart Mills folk attended the funeral.

Miss Josephine Greenfield and Harry O. Edwards were married in Reno last Wednesday, September 16. Both are well known locally. Only family members and a few friends attended the wedding. The Rev. Runyan of the Christian Science church in Reno performed the marriage ceremony and the newly married couple left for the east where

COMMENT CREATED AS HUGE DEER IS SHOT

Any number of local hunters have succeeded in bagging deer this season, but none that has been returned has created more comment than the big black tail which Dan Smith shot near Westwood last week.

The comment chiefly concerns the weight of the animal. Dan declares that the buck weighed 275 pounds when first shot and dressed, but that it has naturally shrunk 30 or 35 pounds. Experts guessed the weight from 190 to 250 pounds. Be that as it may, the deer is one of the best displayed here this season.

the honeymoon will be spent. Miss Greenfield arrived here early this summer from Golden City, Missouri, to make her home with her brother, and Mr. Edwards is the son of Mr. and Mrs. Walter Edwards and is a popular railroad man employed by the Hobart Estate company.

Mr. and Mrs. Dan Knies and family left Saturday morning for Washington state where they will make their future home. The Knies family have lived in Hobart Mills for many years and were former residents of Truckee before coming to Hobart Mills.

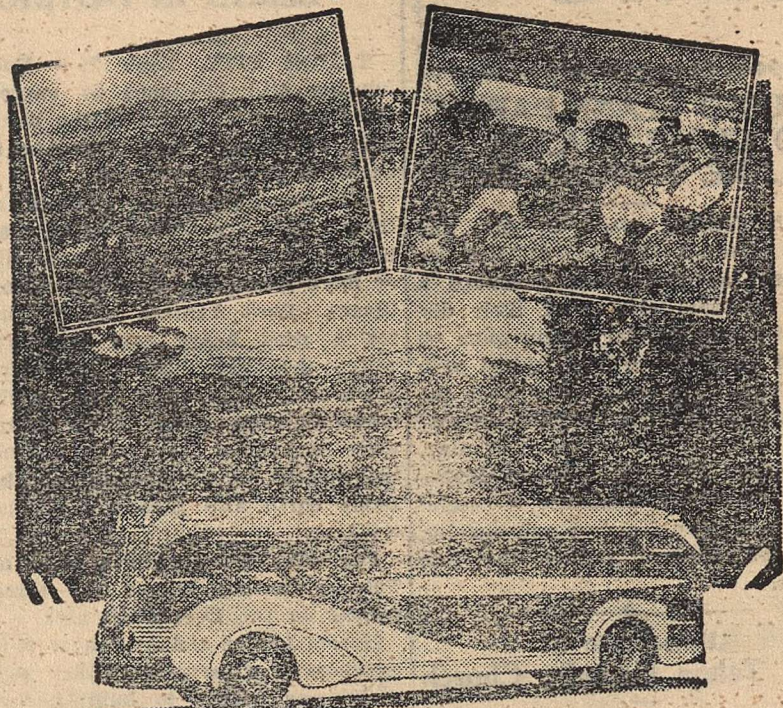

Mr. and Mrs. A. C. Proffit and son left for Washington recently, where they will probably make their future home.

Mrs. Tom Craig and daughter Helen returned home Friday evening after spending a week in Auburn where they visited relatives.

Mrs. O. C. Landrith, accompanied by her son Dick and daughter Margueret, were up from Reno to spend the week end at their home in town, returning to Reno Sunday evening.

Mrs. Margaret Ashton of Truckee

Scenic West is revealed in all its splendor from broad windows of new Greyhound Super Coach

The Fall is an ideal time to see the West. A new Greyhound Super Coach is shown in typical Western Scenery, while the insert at the top right portrays the comfortable interior of the bus.

visited friends in Hobart Mills on Monday afternoon.

The following went to Portola last Friday night to visit the Rebekah Lodge and witness an initiation ceremony: Mr. and Mrs. Martin Nelson and Mr. and Mrs. Richard Burton, Mrs. Hannah Stewart, Mrs. Frank Wilson, Mrs. Della Lavolette, Mrs. Thelma Dundas and the Misses Lucy Otis and Ruth McLeod. All reported a very pleasant evening spent with the neighboring Rebekahs.

Aljah Caples was the first one to bring in a deer on Wednesday the opening day of the deer hunting season.

W. J. Thomas, who spent several days deer hunting returned home the last of the week and was among the successful hunters of his party and succeeded in getting a deer.

Stanley Weeks has the record of getting two deer this season, so his deer hunting days are over for another year.

Slim Murray also succeeded in getting a deer on Monday.

Mrs. G. E. McLeod returned home on Friday afternoon after an extended visit with relatives in Missouri.

Mr. and Mrs. G. D. Oliver returned home Friday from a week's visit in Berkeley and spent Sunday in Reno where they visited their son and family, Mr. and Mrs. Charles Oliver.

Dr. and Mrs. Fred Ross of Sacramento were week end guests at the home of Mr. and Mrs. J. L. Edwards. Dr. Ross succeeded in getting a deer.

Mrs. E. K. Wilson entertained the Friday afternoon bridge club at her home last Friday afternoon, with the following ladies being present: Mrs. E. C. Murray, Mrs. George Lesselyong, Mrs. P. W. Lazier, Mrs. Frank Wilson, Mrs. Martin Nelson, Mrs. Roy Gates, Mrs. Oscar Olson and Mrs. Elwin Saltzen. Prize awards went to Mrs. Lesselyong and Mrs. Murray.

T. K. Oliver spent the week end with his family in Berkeley, returning to Hobart Mills Monday afternoon.

The Hobart Mills Parent-Teachers association held the first meeting of the season at the school house last Thursday evening with a good attendance of members. Mrs. Knies the president, presided at the meeting but presented her resignation because of leaving town to make her home elsewhere. Mrs. A. D. Murray, the vice president, was elected to fill the vacancy and Mrs. Sherman Batterson was elected vice president. Routine work for the year was planned and a social hour enjoyed by all present.

Lester Cummings received word Friday that his father had passed away in Oakland and with his family

left immediately to attend the funeral. Mr. and Mrs. John Casbohm also left here Friday afternoon to attend the funeral of Mr. Cummings' father, and, according to reports in the Sacramento papers were the victims of a wreck near Sacramento.

Herb McClaskey, who has been employed at the Hobart Mills Camp 21 all summer, left here for a visit with relatives at Carson City before returning to his home in San Francisco for the winter. McClaskey was in charge of the commissary at Camp 21.

Bert Newman is again acting as chef at the Hobart Inn after spending the summer at Camp 21.

Mr. and Mrs. Walter Viggers and son spent the week end in Sacramento where they visited relatives.

Ray McDonald spent the week end in Sacramento where he visited his family.

Mrs. Saltzen of Dixon, who has been visiting with her son and family, has returned to her home.

Mrs. E. A. Ingold and family of Grass Valley were visitors at the home of Mr. and Mrs. G. E. McLeod on Sunday, coming over in a new car recently purchased by Ralph Ingold. The Ingolds are from

er residents of Hobart Mills.

Austin Otis, accompanied by his son Austin, Jr., left on Friday for a trip to Eureka and other northwestern coast points.

Mrs. Earl Smith and family have returned to their home in Truckee after a week's visit at the home of Mrs. Smith's parents, Mr. and Mrs. E. W. Canady and family.

County Supervisor Alex Robertson is enjoying a new Studebaker car this week.

A small fire on the side hill across from the sawmill caused some alarm for a short time Monday evening. The fire was discovered by a watchman and was quickly put out.

Logging operations were completed by the Hobart Mills Estate company and the contractors last week. The mill pond was full when the logging ceased but it is gradually lowering and the mill expects to saw the last log some time Friday.

Visit at Lake

LAKE FOREST, Sept. 24—Miss Hazel Hacker of El Paso, Texas and her sister Miss Mary Nevins are spending the rest of the season with Mr. and Mrs. Roy Vance of the Cottage Grocery before leaving for a visit with their relatives in Oregon and Washington.

The long whistle that blows each year to announce the season's closing is always an event of particular significance but this year will indicate the closing of the sawmill for good and will be the last work for a great many men in the town of Hobart Mills.

Mr. and Mrs. Roy Gates visited relatives and friends at Sacramento and Wheatland over the week end, returning to their home Monday evening.

FANCY WORDS and literary writing do not count in this contest — just your own reasons for defeating a scheme to put hidden taxes on the foods and other necessities you buy. So you can win as well as anyone.

Only residents of California are eligible. That gives you a better opportunity for a prize.

Merely obtain an Official Entry Blank — free, without special purchase — at any chain store. It gives the simple rules and a valuable list of ideas.

The sooner you start the more likely you will be to win \$500.00 in cash or one of the 309 other money awards. Entries must be written on the official blank and postmarked not later than midnight, October 13, 1936.

READ THESE FACTS

Hiding under the innocent title of "Retail Store License," Proposition 22 is really a new scheme for taxing the public.

Proposing to tax individual stores \$1 a year and chain stores \$500.00 for each store over nine, it has been petitioned against by 150,000 Californians because

It Would Raise Prices
The U. S. Federal Trade Commission says: "If the ability to undersell, based on greater efficiency or on elimination of credit and delivery cost, is destroyed by public which will really pay the tax and not the chain."

It Would Be Unfair
Not a tax for revenue, not based on the ability to pay — it is an attempt to use the taxing power to destroy competition. Small chain stores would be taxed up to 500,000 times as much per dollar of sales as big department stores.

It Would Hurt California
Chain stores now benefit California consumers, farmers, employment, property owners, taxpayers and investors. To cripple them is to hurt all California business.

22 IS A TAX ON YOU — VOTE NO!

Passengers in the smoking
 compartment on my train
 were arguing about why
 railroad business is pick-
 ing up.

A factory owner said it
 was because of Free pick-up-
 and-delivery of less than car-
 load freight. The railroad calls
 for the LCL freight at ship-
 per's door and delivers it to
 consignee's door.

A traveling salesman said it
 was because so many passen-
 ger and freight trains now run
 on faster schedules.

There was a school prin-
 cipal in the group and he
 said it was because train
 travel is so much cheaper
 for passengers. He said
 passenger fares are at the
 lowest point in history,
 with substantial reductions
 if you buy a round-trip
 ticket—and no more sur-
 charge for riding in sleep-
 ing cars.

One man, a farmer, said he
 liked something he could de-
 pend on, that's why he was
 traveling by train.

Another man, a newspaper re-
 porter, said people were in
 favor of railroad travel be-
 cause it is by far the safest. He
 quoted a lot of statistics from a
 book called, "Live and Let Live."

A banker we all know by
 name said railroad tax pay-
 ments mean a lot in this state.

We are proud of railroad achieve-
 ments, appreciate the public's
 good will and increased patron-
 age, and pledge continued prog-
 ress.

**Transcontinental Tours
 Reach Record Volume
 Association Announces**

Shuttling back and forth across
 the breadth of the nation, trans-
 continental motor travel this year
 is setting the highest mark in his-
 tory, declared a report today by the
 touring bureau of the California
 State Automobile association. Gen-
 eral touring facts listed in the re-
 port were:

Requests for coast-to-coast trip
 routings handled by the Automobile
 association and principal affiliated
 A.A.A. clubs have run 20 to 30 per
 cent above last year.

In mid-August, when douth and
 heat conditions were at their worst,
 there was a temporary falling off,
 but this condition quickly disap-
 peared and failed to make an ap-
 preceable dent in the remarkable
 flow of traffic as a whole.

National parks in California and
 other western state report a heavy
 increase in travel, with more visit-
 ors from eastern states than ever
 before. Western recreational re-
 sorts report increases of 30 to 50
 per cent in tourist patronage. The
 Pacific Northwest and Canada are
 drawing heavy flows of visitors.

The Letter Box

Dear Editor:

If you have space will you please
 publish this Epistle to the people
 of Truckee.

I find that I am held responsible
 by some for the deplorable fact
 that the children of the Grammar
 School are on the streets instead of
 in school. The facts are that when
 the last term of school closed I
 was informed by the school board
 that the chapel would no longer be
 wanted for school purposes; that
 the said board voluntarily and im-
 mediately removed the seats and
 took down the partition and aban-
 doned the property. I offered to
 Professor Nelson free storage of
 the school books and also free use
 of a room in the Church for office
 purposes during the construction of
 the building. Which offer he gladly
 accepted.

At all times during the use of the
 Chapel I cooperated to the best of
 my ability to make a success of the
 school. Nor was there any approach
 of the school board for further use
 of the Chapel for school purposes.

I believe your Principal, as well
 as Trustees, use good judgement in
 no longer tolerating unsuitable hous-
 ing quarters for school purposes.
 Since this may possibly delay the
 completion of the present commod-
 ious plant nearing completion.

The vital thought of the "scrape-
 goat" was original, wise and useful
 in that far distant past. But before
 you load me up with your sins there
 will be some fancy "bucking" done.

Very truly yours,
 G. W. EMIGH, Pastor.

The new San Francisco-Oakland
 bay bridge, which is eight and a
 fourth miles long, will cost \$77,600,-
 000 when completed.

Firebug

Elmer D. Rarity, 23, who pleaded
 guilty to smoking in a closed forest
 area near Los Angeles and care-
 lessly tossing a match into dry
 grass. He was blamed for the fire
 that swept several canyons near
 the city. He was fined \$250.

**SUCCESSOR TO PAINE
 OF FAIR BOARD WILL
 BE DISCUSSED SOON**

SACRAMENTO, Sept. 24—(UP)—
 Selection of a successor to Charles
 W. Paine, who retires January 1,
 1937, as secretary of the California
 state fair, probably will be con-
 sidered at the November meeting of
 the exposition's directorate, accord-
 ing to reports at the Capitol.

Paine is leaving the position in
 which he supervised 63 state fairs
 because of a state law which fixes
 the legal retiring age at 70 years.
 The act becomes effective next New
 Year's day.

Directors of the exposition at a
 recent meeting here set September
 4 to 13, inclusive, as the period for
 holding next year's fair.

**Bank of America Ads
 Receive Highest Score
 Of Any Western Banks**

Bank of America advertising, as
 featured in 400 California news-
 papers, has just received the high-
 est official point score of any west-
 ern bank, according to advice re-
 ceived from Vincent Edwards & Co.
 New York bank advertising author-
 ity, which makes the award annually.

The award is made for the year
 ending October 1 on a basis of pro-
 motion, idea, copy, appeal and lay-
 out.

First place for the Vincent Ed-
 wards award was won by Bank of
 America in 1935 and 1933 and in
 1934 the bank won second place.

For the past 22 years, Charles R.
 Stuart of San Francisco and Los
 Angeles has acted as advertising
 agency for Bank of America.

**LEGAL SPEED IN PARK
 IS FIXED AT 35 MILES**

RED BLUFF, Sept. 24—(UP)—
 Published reports that the speed
 limit for automobiles in Lassen Vol-
 canic National park is 25 miles an
 hour are all wrong, according to E.
 P. Leavitt, park superintendent.
 The legal limit is 35 miles per

The Dow Chemical company has
 figured it out by means of chemical
 analysis that a square mile of sea
 water, 75 feet deep, contains \$75,-
 000,000 worth of chemicals and min-
 erals. No way has yet been dis-
 covered by profitably extract them.

hour, except where safety demands
 a slower rate, Leavitt said.

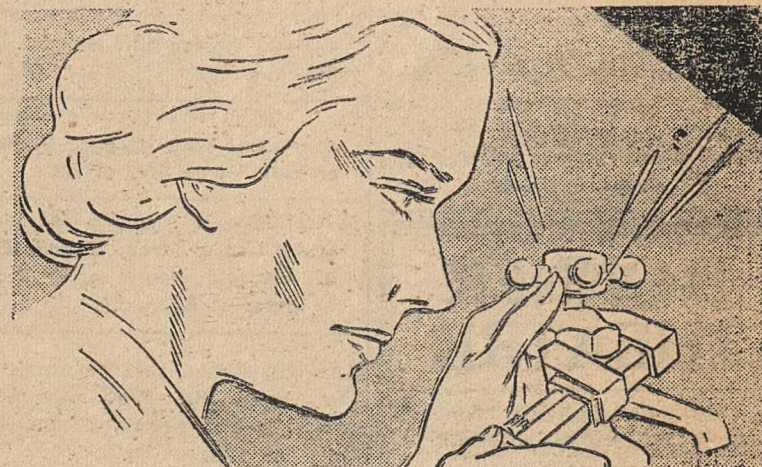

Don't Feed Your Furnace Dollars

It sounds silly, but when you use any but
 the best coal for fuel you are not being
 economical—you are actually feeding your
 furnace or stoves dollars.

**HOMEWORK GETS DONE
 FASTER AND BETTER
 WITH AN I. E. S.
 BETTER SIGHT LAMP**

**This new I. E. S. Better Sight
 Lamp Helps Prevent Eyestrain**

1. Wide opening at the top of the shade throws light to ceiling and eliminates shadows.
2. Glass reflector softens light, prevents glare.
3. Wide shade gives ample light over your work.
4. Shade lining is white to reflect more light.
5. Lamp is high enough to light a large working area.
6. Look for the certification tag.

BUY ONLY A LAMP THAT BEARS THE
 AUTHORIZED CERTIFICATION TAG

IS your child reluctant to do his homework?
 If he is, the fault may be with the lighting
 under which he works. For poor lighting
 makes his homework unnecessarily difficult.
 It increases eyestrain and fatigue, which even-
 tually may result in defective vision.

Why not get him this new I. E. S. Better Sight
 Lamp that is kind to the eyes? It's scientifi-
 cally designed for better seeing. A special
 glass reflector within the shade diffuses the
 light, removes glare, and throws a generous
 amount of light to the ceiling for general illu-
 mination. Costs only a cent or two an evening
 for electricity. See this new lamp—as well as
 other attractive styles of I. E. S. Better Sight
 Lamps—at our display room.

SCHOOL ACTIVITIES

Deer hunting seems to be one of the main topics of conversation about the school and just to prove it isn't all talk we heard that Aljah Caples, student body president, Robert Bowers, junior president and Frank Giovaninni each accounted for a deer. Although Frank Titus went out he has yet to bring home the venison.

An interesting expedition was arranged last week for the vocational class under Mr. Bovee and the general science class taught by Miss Reynolds when the members of the two classes, accompanied by their teachers, were allowed to view the entire workings at Hobart Mills.

City News in Brief

PHONE 161

Gilmans Leaving for Vacation—

Mr. and Mrs. V. V. Gilman of this city are leaving today for Turlock and Modesto where they plan to visit with friends and relatives for a nine-day vacation. Mr. Gilman made sure of his deer last week before leaving the district. He bagged a good looking two-pointer while out hunting.

Return to Truckee for Week End—

Miss Olga Owens, who is teaching in North Columbia and Bud Owens, University of Nevada student, were visiting their home in Truckee for the week end. Young Owens took advantage of the season to try his luck at hunting while here.

Loyalton Visitor—

Mrs. Clara B. Nelson has returned to her home after having spent five weeks at Loyalton visiting Mr. and Mrs. Robert Thompson. The hostess is the granddaughter of Mrs. Nelson.

Woodlanders Visit Truckee—

Mrs. Neal Chalmers, accompanied by Mr. and Mrs. J. O. Chalmers and Mrs. Herbert Coil, all of Woodland, visited for a short time in Truckee with Mr. and Mrs. Walter Barrett Tuesday afternoon. The party was returning from Phillips where they had closed the Chalmers cabin for the season.

Mrs. Gaiennie Returns from Trip—

Mrs. Frank Gaiennie returned last week from a vacation spent with relatives in Southern California. While there she met her son Daryl in Long Beach, remaining to visit with him several days.

Trio Hunt Deer—

Paul Miller, Tony Ghirard and Frank Gaiennie left on Monday for a hunting trip in Whiskey canyon and are expected to return the latter part of the week with their share of the deer.

San Francisco Visitor Leaves—

Mrs. G. C. Browne will return to her home in San Francisco Friday after having spent a month here, visiting with her son Frank Gaiennie and family.

Here from Cayucos—

Mr. and Mrs. D. R. Pereira of Cayucos, where the former is president of the chamber of commerce, are visiting at the homes of R. A. and B. Tonini. Mrs. Pereira is a sister of the local men.

Return from Metropolis—

Mrs. C. B. White and Mrs. W. F. Wilkie have returned to Truckee after a sojourn of more than a week at San Francisco.

Miss Reynolds Entertains—

Miss Evelyn Reynolds had as her guests over the week end Mrs. McGrady and daughter of Los Gatos.

Klamath Falls Visitors—

Mr. and Mrs. George Moore, accompanied by Mr. and Mrs. Vernon Morrill of Oroville, motored to Klamath Falls. While here the Oroville visitors visited with their sisters, Mrs. Moore and Mrs. R. P. Bick.

Here from Bakersfield—

Dr. and Mrs. George Crease of Bakersfield are spending a few days at the home of Mr. and Mrs. Dave Cabona. Mrs. Crease is a sister of Dave, Louis, John and Charles Cabona of Truckee.

Jenner-by-the-Sea Visitor—

L. B. Menlenbrock of Jenner-by-the-Sea was a visitor for a few days last week. The mountain air was a pleasant contrast from the sea shore for the brief stay.

New Residents—

Mr. and Mrs. Russell Carson and three sons have moved from Sacramento to Truckee recently. Carson is a mechanic at the Tourist Garage. The family visited in the capital city on Saturday.

Comes from Los Angeles—

Following a fortnight spent in Los Angeles and Sacramento, Mrs. C. Goode arrived home last Saturday.

Oakland Visitors—

Mrs. Rossarini and Miss Catherine Rossarini left Wednesday for Oakland where they will be the guests of Dr. and Mrs. E. W. Guthridge in their new home. Mrs. Guthridge is the daughter and sister of the visitors. During their absence Mrs. Gage will have charge of Rossarini store.

Ranger Returns—

Forest Ranger H. I. Snider returned this week from the Hell Hole district where he has been doing some organization work for the department. Incidentally he bagged a nice buck which he brought back to Truckee.

Mr. and Mrs. Vic Cassidy of Downieville, where the former edits the Mountain Messenger, were visitors in Truckee Monday.

Mr. and Mrs. Darrell Davis of Alturas stopped in Truckee to visit the V. V. Gilman home when en route to Chico last Friday.

Mr. and Mrs. Wallace Huston, Dr. Charles Stinson and Mrs. Delma Benson have returned to Woodland after a deer hunt in the Truckee district.
